** additional 3.5 jack needed

*** attention: reserved polarity cable required

**** Connection kit required

Turntables:

The BOTW P&P ECO power supplies are suitable as an upgrade for a wide variety of turntables which are powered by a DC power supply.

For the selection of the correct power supply version, simply check the Voltage of the stock supplied adapter.

Please note: The BOTW P&P ECO is not suitable as a replacement for AC - AC adapters.

Music PC's and Music servers.

The BOTW P&P ECO power supply can be used as an upgrade for PC based systems that have a processor with a TDP of max 28W.

There are over 200 Intel processors on the market that meet this requirement.

NAS Systems

The 12V BOTW P&P ECO power supply is suitable as an upgrade for a wide variety of single and dual bay NAS systems.

Please note that the PSU is stock supplied with standard type DC plugs. If your NAS system has a special connector, please contact us first for the compatibility of the PSU with your NAS system.
